

PROVIDENCE MASTER ASSOCIATION

POOL-SWIM CLUB AREA PARKING POLICY

The unauthorized parking of personal vehicles, trailers, etc. in common areas (i.e. Swim Club Parking Lot). The Board has reviewed and approved signage in regards to the “unauthorized parking of vehicles”, (to include trailers, etc.) “will be towed at owner’s expense”. This signage will be posted in a manner that is visible as you enter the Swim Club Parking Lot. Please remember that this parking lot is not to be used to store vehicles, trailers, etc., out of convenience of the vehicle owner— This takes away from the overall appearance in the common area and is less desirable to say the least. The Swim Club Parking Lot is used for swim club activities, but is also there so others can park there temporarily to enjoy the walking trail and playground in the community.

Effective immediately with or without further notice any and all unauthorized vehicles, trailers or other modes of transportation displaying a valid tag or not will be towed at the vehicle owner’s expense. Please contact: Christina Campano, the onsite property manager, for further information.

Adopted: 03/21/2011

Effective: 04/01/2011
